Singapore 079027

Dear Jason,

We want to write to let you know how happy and impressed we have been with the thoroughness and level of service we have received from your company. In particular, working with Jeannie Khoo has been a pleasure. She is prompt in her responses, seeks out additional information to ensure full compliance, and is always willing to help communicate with individuals locally when needed. Jeannie's level of communication helps our company feel greater trust that compliance issues are being attended to.

We would be able to recommend Ecovis without hesitation.

Best,
