Re: Ecovis Bizcorp Management Pte Ltd

We are happy to share our experience on the services provided by Ecovis Bizcorp Management Pte Ltd ("Ecovis") for my organisation.

We have engaged Ecovis to provide monthly outsourced accounting and reporting services since 2010. Ecovis also provides year-end closing including liaison with auditors and acted as our tax agent since 2010.

Ecovis has provided us with committed and professional service during this period. Reports have been insightful and timely. The staff (Alvin Aw) from Ecovis has always taken pains to explain the various reports as well as highlight potential areas for management focus. The latter has been most useful and we are able to address potential issues before they become embedded problems.

I will be most happy to provide further detail on our business relationship with Ecovis Bizcorp Management Pte Ltd ("Ecovis") if required.

Thanks and best regards
